BUDGET SPEECH – GST

BUDGET SPEECH : GST

- **Electronic invoice** is another innovation wherein critical information shall be captured electronically in a centralized system. It will be implemented in a phased manner starting from this month itself on optional basis. It will facilitate compliance and return filing
- **Dynamic QR-code** is proposed for consumer invoices.
- Deep data analytics and **AI tools are being used for crackdown on GST frauds**. Invoice and input tax credit matching is being done wherein returns having mismatch more than 10 percent or above a threshold are identified and pursued
- **A simplified new return system is being introduced from April 1, 2020**. This is under pilot run. It will make return filing simple with features like SMS based filing for nil return, return pre-filling, improved input tax credit flow and overall simplification.

In Last 3 years DGCI has busted tax frauds
of Rs. 103714 Crores

E – INVOICING GLOBALLY

Source – Study by Bruno Koch Billentis - compacer

- The e-invoicing market has been around for **over 20 years**.
- Electronic documents have gradually replaced paper-based invoices. As part of the first phase, the European market was developed mainly by private industry
- The global market is forecast to encompass 550 billion invoices annually. It is expected to quadruple in size by 2035. **In 2019, only around 55 billion invoices are exchanged on a paperless basis.**
- Global Estimate of Invoice volume in 2019

Type	Estimated Volume in 2019
B 2 B	280 Billion
B 2 C	270 Billion
Total	550 Billion

- We estimates that the size of the global e-invoicing and enablement market in 2019 amounts to EUR 4.3 billion (USD 4.9 billion), and that it will reach approximately EUR 18 billion (USD 20.5 billion) in 2025

- We estimate that today around 40%, but **in 2025 already 80% of organisations will be forced either by legislation or important trading partners to exchange invoices just in electronic format**
- As the electronic gaps from the taxation perspective will be closed, tax declarations, deductions, reclaims and the **traditional audits will no longer be required in the future.**
- **Various countries in world has implemented this concept** – USA, Australia, Canada, Sweden, Turkey, Italy, Peru, New Zealand, South Korea, Mexico, Singapore etc
- In world, **around 60 countries** are in the process of implementation of E-Invoicing.

- The results for the tax authorities are remarkable:

BRAZIL – It has seen a \$ 58 billion (USD) increase in tax revenue as a result of plugging gaps in invoicing and reporting.

MEXICO AND CHILE – It reduced the VAT gap up to 50%

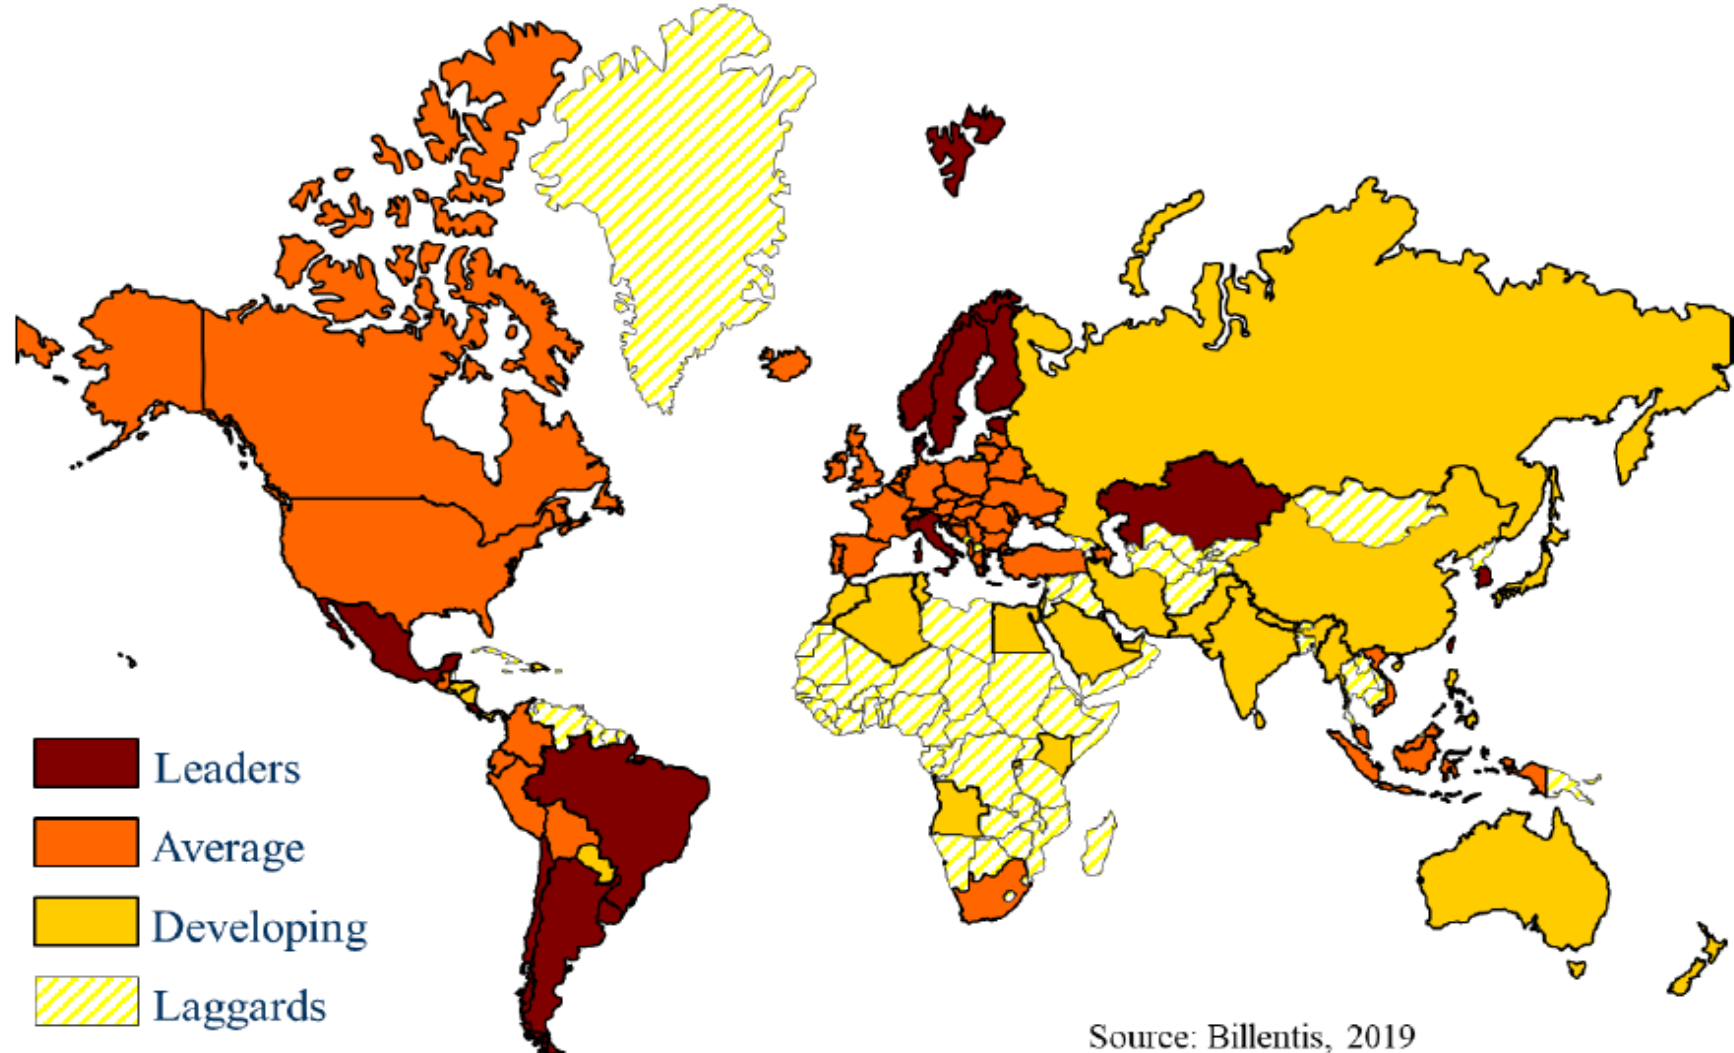

COLOMBIA - It could reduce 50% of the country's tax evasion by applying these forms of models.

ADVANTAGE OF E-INVOICE

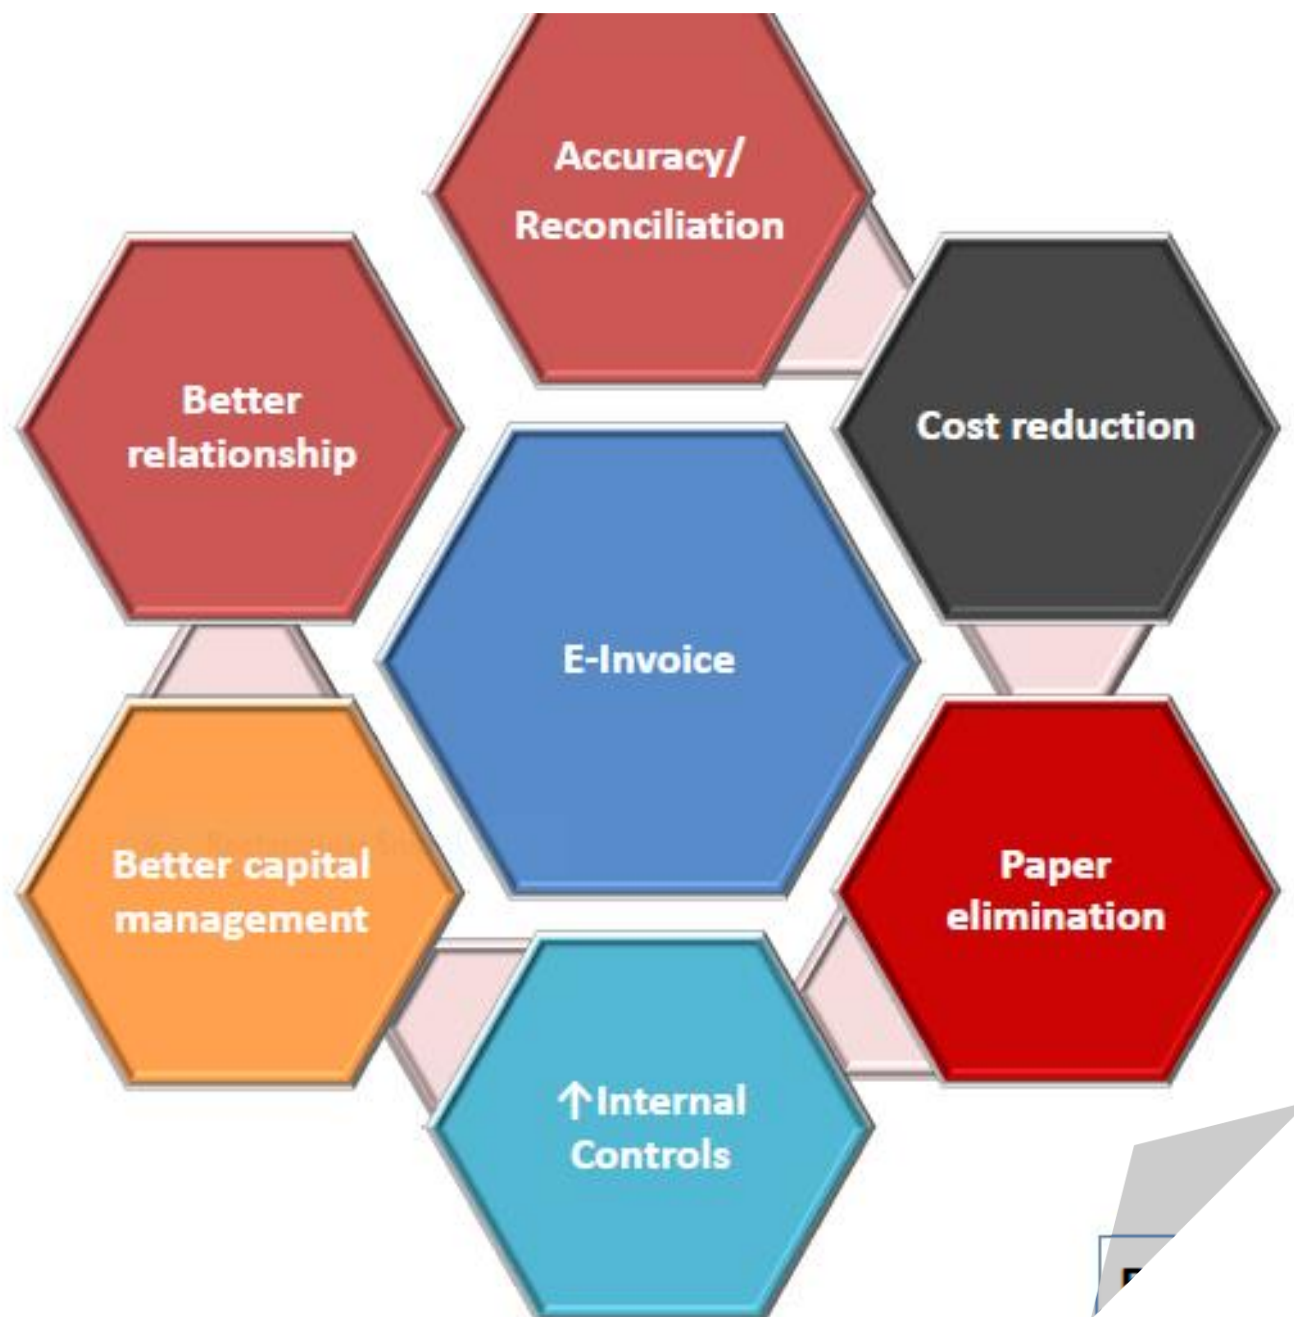

Ease of Doing Business

India was at 77th position in **2018**.
On Paying Taxes, India at **121**.

India is at 63rd position in **2019**.
On Paying Taxes, India is at **115**.

E - INVOICE: ADVANTAGE

E - INVOICE: ADVANTAGE

Case Study from France

Items	Paper invoice (pre e-invoice period)	After introduction of e-invoice	Change
Cost of handling of one invoice	7 Euros	0.3 Euros	96% saving
Number of invoices handled by an employee in a year	6,000 paper invoices	90,000 e-invoices	15 times efficiency improvement
Time saving	15 days for paper invoice	3 days for e-invoice	80% saving of time
52% businesses view the cost reduction as the principal advantage of digital transformation

EXPECTED BENEFITS OF E – INVOICING BY GOVERNMENT

E – INVOICEING

- Government / GSTIN envisaged below benefits from E-Invoice
 - ✓ Elimination of fake invoices
 - ✓ Substantial reduction in input credit verification issues
 - ✓ One time reporting on B2B invoice data, to reduce reporting in multiple formats (one for GSTR 1 or ANX 1 and the other for e-way bill)
 - ✓ E-Way bill can also be generated using e-Invoice data

STEPS BY GST COUNCIL

Around in April 2019, news started coming in public domain about E Invoicing

On 22nd April 2019, GST Council decided for constitution of “**Committee of Officers – CoO**” to study Invoice system in Korea/America, Suggest threshold limit and various matter.

On 23rd May 2019, GST Council decided for constitution of working **Sub-Group on policy issues** for generation of E – Invoicing

At 35th GST Council meeting, held on 21st June 2019, **in principal approval** for E Invoicing was given for implementation of it from 1st Jan 2020

GST Council approved the **STANDARD OF E-INVOICE** in its 37th meeting held on 20th Sept 2019

Accordingly, on 13th Dec 2019, Government has issued Notification No 68/2019 CT to 72/2019 CT, laying down legal roadmap for E-Invoicing

GOODS AND SERVICES TAX NETWORK

E-Invoice Industry Consultation

E-Invoice Schema & Template Review

CONCEPT

As you may be aware that the GST Council has decided to introduce electronic-invoice (hereinafter called as E-invoice) on voluntary basis from January 2020.

Presently there is no standard defined for E-invoice under GST or under any other statute. Need has been felt of having a standard to ensure complete inter-operability of e-invoices across the entire GST eco-system so that e-invoices generated by one software can be read by any other software, thereby eliminating the need of fresh data entry, which is a pain point today and also responsible for lot of transcription error related non-reconciliation. Apart from the GST System, adoption of a standard will also ensure that an e-invoice shared by a seller with his buyer or bank or agent or any other player in the whole business eco-system can be read by machines and obviate and hence eliminate data entry errors. In short, standard will ensure machine readability across business eco-system. Many countries across the world have adopted standards for e-invoice, based on the Universal Business Language (UBL) Standard.

GSTN, in partnership with Institute of Chartered Accountants of India (ICAI), has drafted an e-invoice standard, (referring and considering the PEPPOL standard, which is based on UBL standard) which also takes into account the requirement under tax laws and has features, which are required for international trade.

The concept note and the proposed e-invoice schema and template are attached at this link for your ready reference: [Concept-Note](#), and [Schema-Template](#)

You may study the concept note and the schema from all perspectives of business / technology and provide your valued feedback to GSTN.

Your support is solicited to get the feedback/suggestion/input from the professional / Industry fraternity in the link www.gstn.org/e-invoice/feedback latest by 20th August 2019.

The valuable input will be helpful to finalise the standards and notify the same at an early date. You may publicise this with your other peers/contemporaries/teams for sharing their feedback as well.

GSTN appreciates your time as well as feedback.

E INVOICING

- **GSTIN in partnership with ICAI has drafted an E Invoice Template.**
- E-Invoicing will be applicable on **voluntary basis** from January 2020 and **mandatory from April 2020** to some class of person.
- E-Invoicing will be implemented in **phase manner**, so as to cover all taxpayer slowly slowly .
- As per GSTIN, **ADOPTION OF E-INVOICE BY IS NOT ONLY PART OF TAX REFORM BUT ALSO A BUSINESS REFORM.**

E INVOICING – PHASE WISE IMPLIEMENTATION

TURNOVER	FROM	APPLICABILITY
INR 500 Crore or more	Jan 2020	Voluntary
INR 100 Crore or more	Feb 2020	Voluntary
INR 100 Crore or more	April 2020	Mandatory
INR 100 Crore or less	April 2020	Voluntary

FORM INV 01

- Vide **Notification No 02/2020 Central Tax dated 1st Jan 2020**, Government has notified fields specification of E Invoice, containing “**Mandatory**” and “**Optional**” field.
- **IRN will be 64 digit Character length**
- **E Invoice for RCM can be made on voluntary basis** (E Invoice is optional for RCM / not mandatory)
- If **buyer email id** is provided in E-Invoice, IRP will be send, E-invoice on buyer mail id as well.

Invoice Reference Number (IRN)

- User can upload invoice details
- Unique number (IRN) is generated for e-invoice.
- IRN is a HASH of (<Supplier GSTIN><Fin. Year><Doc Type> <Doc Number>)
- HASH is generated using SHA256
- Example :
 - HASH of “01AAAAB1234C1Z02019-20INVAB1234” is
35054cc24d97033afc24f49ec4444dbab81f542c555f9d30359dc75794e06bbe
- Note: Document number will be trimmed if prefixed with 0 / -, while generating HASH
 - 00234 → 234 ; /A234 → A234 ; -0123/19 → 123/19

MISCONCEPTION ABOUT E INVOICE

Myth Vs Reality

Biggest
Misconception
about **E-INVOICE**
about its preparation

Then
what is
true ?

E-invoice does not
mean preparation
of invoices from a
portal

Misconception about E-
INVOICE on its
Applicability

E-invoice is not
applicable to all.
Applicable only in case
of B2B (supply to
Registered person)

As per Notification No 70/2019 CT dated 13th Dec 2019, it will be applicable

- ✓ To Registered person whose aggregate turnover in a financial year exceeds Rs 100 Crore and
- ✓ In respect of supply of Goods/Services to Registered Person (B2B)

E-Invoice

Know the truth about E-Invoice

Myth

There will be separate invoice formats for different businesses.

Reality

Invoice format will be the same for all the categories of Taxpayer. Invoice schema released by GSTIN has mandatory and optional fields that needs to be filled depending upon the nature of business.

E-Invoice

Know the truth about E-Invoice

Myth

E-Invoice would need to be issued for all the transactions.

Reality

Issuance of E-Invoice is mandatory only for B2B transactions and exports at this stage.

/gstsystemsindia

/askGSTech

/GoodsandServicesTaxNetwork

GOODS AND SERVICES TAX NETWORK

E-Invoice

Know the truth about E-Invoice

Myth

The generation of IRN might take several minute and that would affect my business.

Reality

- The **Invoice Registration Portal (IRP)** would assign the IRN in sub **100 milliseconds**.
- **More than one IRPs** will be made operational.

/gstsystemsindia

/askGSTech

/GoodsandServicesTaxNetwork

E-Invoice

Know the truth about E-Invoice

Myth

I would need to issue invoices through the GST portal.

Reality

- **No.** You would continue to issue invoice the way you have been doing it.
- You are just required to **generate** the **Invoice Reference Number (IRN)** for each invoice issued through your billing software, ERP or accounting software.

/gstsystemsindia

/askGSTech

/GoodsandServicesTaxNetwork

Myth ❌

✅ Reality

I would need to issue invoices through the GST portal.

1

No. You would continue to issue invoices the way you have been doing it. You are just required to generate the Invoice Reference Number (IRN) for each invoice issued through your billing software, ERP or accounting software.

The generation of IRN might take several minutes and that would affect my business.

2

The Invoice Registration Portal (IRP) would assign the IRN in sub 100 milliseconds. More than one IRPs will be made operational.

E-invoice would need to be issued for all the transactions.

3

Issuance of e-invoice is mandatory only for B2B transactions and exports at this stage.

If I am not using a billing software, ERP or accounting software, I can't issue e-invoice.

4

8 free billing and accounting software have been provided free of cost by GSTN for taxpayers having turnover upto 1.5 Crores. These can be used for issuing e-invoices.

E-invoicing will add one more GST compliance.

5

On the contrary E-invoice and its reporting will reduce compliance. Reporting to GST will lead to auto creation of ANX-1 and ANX-2 as well as E-Way Bill, if asked.

The IRN generated by the IRP would be the invoice number.

6

No, it will just be a reference number. The invoice number will be the one that you have entered in the invoice.

I would be required to make major changes in the billing software, ERP or accounting software to become e-invoice compliant.

7

No major change would be required at your end. However, the software providers would require to introduce small changes at the backend.

There will be separate invoice formats for different businesses.

8

Invoice format will be the same for all the categories of taxpayers. Invoice schema released by GSTIN has mandatory and optional fields that needs to be filled depending upon the nature of business.

E INVOICING

From: [Einvoice API Support](#)

Sent: Thursday, January 16, 2020

Subject: E-invoice API Integration under GST

Dear GST Taxpayer,

WISH YOU HAPPY NEW YEAR 2020 !

You are aware that National Informatics Centre as first IRP has launched e-Invoice APIs for the interface with ERP systems of the tax payers.

As per GST records, aggregate turnover (all GSTINs) of your company is more than **Rs 500 Crores**. As per GST Notification you have to use e-invoice APIs and generate IRN for your invoices from **1st April 2020**.

You can register with one of your GSTINs and use it for all the sister concern GSTINs for IRN generation. The specifications for the e-Invoice API have been published on <https://einv-apisandbox.nic.in> You can also register on the portal for testing the e-invoice APIs on the sandbox.

Thanks and Regards,

E Invoice API Support Team,
National Informatics Centre,
Ministry of Information Technology,
Government of India

Phone: 080-22208513;

(This email id is meant only for technical queries / issues related to integration of NIC E Invoice API with GSPs / Tax payers Systems.)

LEGAL PROVISIONS

E – INVOICEING

Notification No	Details of Notification										
<p>68/2019 CT dated 13th Dec 2019</p>	<p>As per said notification, register person to whom E-Invoice is applicable:</p> <ul style="list-style-type: none"> ▪ Should ensure that, his invoice contains details as mentioned in Form GST INV – 01 ▪ Should ensure that, Invoice Reference Number (IRN) is to be obtained after furnishing informing on portal. ▪ Valid Tax Invoice means only E – Invoice only. Normal Invoice prepared currently (In three copies – original/duplicate/triplicate) will not be considered as compliance of law. 										
<p>69/2019 CT dated 13th Dec 2019</p>	<p>For the purpose of E-Invoice compliance, below portals will be provided (Invoice Registration Portal (IRP)):</p> <table border="1" data-bbox="422 782 2122 1106"> <tbody> <tr> <td data-bbox="422 782 1268 849">i) www.einvoice1.gst.gov.in;</td> <td data-bbox="1268 782 2122 849">vi. www.einvoice6.gst.gov.in;</td> </tr> <tr> <td data-bbox="422 849 1268 916">ii) www.einvoice2.gst.gov.in;</td> <td data-bbox="1268 849 2122 916">vii. www.einvoice7.gst.gov.in;</td> </tr> <tr> <td data-bbox="422 916 1268 983">iii) www.einvoice3.gst.gov.in;</td> <td data-bbox="1268 916 2122 983">viii. www.einvoice8.gst.gov.in;</td> </tr> <tr> <td data-bbox="422 983 1268 1051">iv) www.einvoice4.gst.gov.in;</td> <td data-bbox="1268 983 2122 1051">ix. www.einvoice9.gst.gov.in;</td> </tr> <tr> <td data-bbox="422 1051 1268 1106">v) www.einvoice5.gst.gov.in;</td> <td data-bbox="1268 1051 2122 1106">x. www.einvoice10.gst.gov.in.</td> </tr> </tbody> </table> <ul style="list-style-type: none"> ▪ Considering load on website, government has provided 10 portals. ▪ Also, as per said Notification, this will be applicable from 1st January 2020, meaning thereby, on voluntary basis, E-invoice portal will be available for trial. 	i) www.einvoice1.gst.gov.in ;	vi. www.einvoice6.gst.gov.in ;	ii) www.einvoice2.gst.gov.in ;	vii. www.einvoice7.gst.gov.in ;	iii) www.einvoice3.gst.gov.in ;	viii. www.einvoice8.gst.gov.in ;	iv) www.einvoice4.gst.gov.in ;	ix. www.einvoice9.gst.gov.in ;	v) www.einvoice5.gst.gov.in ;	x. www.einvoice10.gst.gov.in .

ACTIVITY PERFORMED BY IRP

E – INVOICEING

- Generate a unique Invoice Reference Number (IRN) and
- Digitally sign the e-invoice and
- Also generate a QR code
- The IRP will also send the signed e-invoice to the recipient of the document on the email provided in the e-invoice

As per GSTIN – Type of documents required to be reported to GST System (IRP)

As per Notification issued till date – Types of documents required to be reported to GST System (IRP)

- a) Invoice by Supplier
- b) Credit Note by Supplier
- c) Debit Note by Supplier
- d) Any other document as required by law to be reported by the creator of the document

- a) Only Invoice
- ☞ Clarity is required from government on generation of below documents -
 - » Bill of Supply
 - » Credit Note / Debit note
 - » Delivery Challan

STEPS OF GENERATION OF E-INVOICE

E – INVOICEING

- Before we discuss on how to generation E-Invoice, first discuss with your ERP Software / Accounting Software vendor, as to whether ERP/accounting software, which you are using, is upgraded as per requirement of E-Invoice? Whether it comply to E-Invoice Schema as per GSTN?

STEPS			ACTIVITY TO BE PERFORMED
STEP 1	–	Generation of Invoice and JSON	<ul style="list-style-type: none"> Generation of the invoice by the seller in his own accounting or billing system (it can be any software utility/ERP that generates invoice) The invoice must conform to the e-invoice schema (standards) that is published. Seller should have a feature in its ERP that will output invoice data in JSON format. (Those who do not use any accounting software or IT tool to generate the invoice, will be provided an offline tool to key-in data of invoice and then submit the same) The supplier’s (seller’s) software should be capable to generate a JSON of the final invoice that is ready to be uploaded to the IRP. The IRP will only take JSON.

E – INVOICEING

STEPS	ACTIVITY TO BE PERFORMED
STEP 2 (This is optional Steps) - Generation of IRN	<ul style="list-style-type: none">▪ This step is optional steps.▪ Generate the unique Invoice Reference Number (IRN) (In technical terms, this IRN is called as Hash).▪ The seller can generate this and upload along with invoice data.▪ The 4 parameters which will be used to generate IRN (hash) are:<ol style="list-style-type: none">i. Supplier GSTIN,ii. Financial year (YYYY-YY).iii. Document Type (Invoice / DN/CN)iv. Supplier's invoice number▪ [The IRN or hash generation algorithm will be prescribed by GSTN in the e-invoice standard. As per GSTIN, the providers of accounting and billing software are being separately asked to incorporate this feature in their product.]▪ IRN shall be unique to each invoice and hence be the unique identity for each invoice for the entire financial year in the entire GST System for a taxpayer

E – INVOICEING

STEPS		ACTIVITY TO BE PERFORMED
STEP 3	–	<ul style="list-style-type: none"> ▪ Seller to upload the JSON of the e-invoice (along with the IRN/hash, if generated as per Step 2) into the IRP ▪ (The JSON may be uploaded directly on the IRP or through GSPs or through third party provided Apps)
Uploading of JSON	of	
STEP 4	–	<ul style="list-style-type: none"> ▪ If IRN is not generated at step2, then IRP will generate IRN, based on JSON uploaded. ▪ If IRN is generated at step2, then IRP will validate the IRN, (Based on JSON uploaded) from Central Registry of GST System to ensure that the same invoice from the same supplier pertaining to same Financial Year is not being uploaded again. ▪ On receipt of confirmation from Central Registry, IRP will add its signature on the Invoice Data as well as a QR code to the JSON. ▪ (GST Systems will create a central registry where hash sent by all IRPs will be kept to ensure uniqueness of the same)
Validation of data by IRP	of	

E – INVOICEING

STEPS	ACTIVITY TO BE PERFORMED
STEP 5 – Sharing of E-invoice	<ul style="list-style-type: none"> ▪ Sharing the signed E-invoice data along with IRN to seller ▪ Sharing the signed E-invoice data along with IRN to to the GST System as well as to E-Way Bill System. <ul style="list-style-type: none"> ○ Based on this, GST System will update the ANX-1 of the seller and ANX-2 of the buyer, which in turn will determine liability and ITC ○ E-Way bill system will create Part-A of e-way bill using this data to which only vehicle number will have to be attached in Part-B of the e-way bill. ▪ The IRP will sign the e-invoice and the e-invoice signed by the IRP will be a valid e-invoice and used by GST/E-Way bill system.
STEP 6	<ul style="list-style-type: none"> ▪ Returning the digitally signed JSON with IRN back to the seller along with a QR code. ▪ The registered invoice will also be sent to the seller and buyer on their mail ids as provided in the invoice.

WHAT IS E – INVOICE SCHEMA

E INVOICING

- The e-invoice standardized schema has mandatory and optional items. The e-invoice shall not be accepted in the GST System unless all the mandatory items are present. The optional items are to be used by the seller and buyer as per their business need to enforce their business obligations or relationships.
- As per GSTIN, All accounting and billing software companies are being separately asked to adopt the e-invoice standard so that their users can generate the JSON from the software and upload the same on the IRP. All these software would adopt the new e-Invoice standard wherein they would re-align their data access and retrieval in the standard format.

WHAT IS QR CODE

E INVOICING – QR CODE

- QR code will contain GSTIN of seller and buyer, Invoice number, invoice date, number of line items, HSN of major commodity contained in the invoice as per value, hash, Unique Invoice Reference Number etc.
- The QR code will enable quick view, validation and access of the invoices from the GST system from hand held devices. It will be generated by IRP after uploading JSON of invoices.
- The QR code will consist of the following e-invoice parameters:
 - a) GSTIN of supplier
 - b) GSTIN of Recipient
 - c) Invoice number as given by Supplier
 - d) Date of generation of invoice
 - e) Invoice value (taxable value and gross tax)
 - f) Number of line items.
 - g) HSN Code of main item (the line item having highest taxable value)
 - h) Unique Invoice Reference Number

MODES OF E INVOICE GENERATION

E INVOICING

- Multiple modes will be made available so that taxpayer can use the best mode based on his/her need.

The modes given below are envisaged at this stage under the proposed system for e-invoice, through the IRP (Invoice Registration Portal):

- a) Web based,
- b) API based,
- c) SMS based,
- d) mobile app based,
- e) offline tool based and
- f) GSP based.

OTHER ASPECTS OF E – INVOICING

E INVOICING

- ☞ **Signature on E-invoice** - E - invoice generated is not required to be signed again by the taxpayer. The e-invoice will be digitally signed by the IRP after it has been validated. Once it is registered on IRP/GST System, it will not be required to be signed by anyone else.
- ☞ **E-invoice Currency** – Default currency of E-Invoice will be INR. Seller can display the currency in E-invoice.
- ☞ **Line items of E-Invoices** - The maximum number of line items per e-invoice is 100. GSTIN should increase this limit. It may impact some of big companies.
- ☞ **Printing** – E-invoice can be printed. It is valid only if it has IRN.
- ☞ **Cancellation of E-Invoice** - The e-invoice mechanism enables invoices to be cancelled. This will have to be reported within 24 hours. Any cancellation after 24hrs could not be possible, however one can manually cancel the same on GST portal before filing the returns.
- ☞ **E Way Bill** – As understood currently, E-Invoice will not replace E-way bill. For transportation of goods, the e-way bill will continue to be mandatory.

E – INVOICING FROM RECEIPIENT/BUYER PRESPECTIVE

E INVOICING

■ AVAILMENT OF ITC –

- ☞ Buyer/Recipient needs to ensure that, he has received valid document for avaiement of ITC
- ☞ That is, if supplier is required to prepare, E Invoice, then buyer can avail ITC only on the basis of E Invoice.
- ☞ Declaration can be sought by buyer from supplier about applicability of E Invoice.

Browser window showing the e-Invoice Print interface. The address bar displays `invoice1-trial.nic.in/Invoice/EInvoicePrint/Print`. The page header includes the Government of India emblem, the text "GOODS AND SERVICES TAX e - INVOICE SYSTEM", and logos for "NATION TAX MARKET" and "NIC National Informatics Centre".

The main content area is titled "e-Invoice Print" and features a "Based On" section with radio buttons for "Ack No." (selected) and "IRN". Below this is a form labeled "Enter Ack. No. :" with an input field, a blue "Go" button, and a red "Exit" button.

At the bottom of the browser window, a footer displays "Version 1.0" on the left and "© 2020 - Powered By National Informatics Centre." on the right. The Windows taskbar at the very bottom shows several open applications, including archive.zip, multiple instances of UploadedInvoiceD....xlsx, and archive.zip, along with system icons and the date/time "7:32 PM 17/02/2020".

CLARIFICATION EXPECTED FROM GOVERNMENT

E INVOICING

E-invoice impacts directly supply chain, billing and working capital of the company. Invoice/billing, is important and key factor for any organisation, therefore government should clarify on below practical aspect as early as possible –

- ☞ How to do amendment on E-invoice
- ☞ Cancellation of E-invoice time should be increased from 24hrs to 1 week, considering holidays, weekends, time required to know the incidence for cancellation
- ☞ How to do E-way bill compliance, if Internet is not working (Portal may not be having issue in that time)
- ☞ How to do E-way bill compliance, if portal is not working
- ☞ E Way bill compliance should be removed completely, as E-invoice will serve the purpose of fake invoicing / ITC trading etc
- ☞ E-Invoice requirement, if exempted goods/services are supplied in B2B transaction
- ☞ E-Invoice requirement, in case of Credit Note / Debit Note, Exports
- ☞ 100 Crore turnover is to be considered for current year or previous year.

Thank You.
